We are Here to Help Clay City, the Surrounding Country and Ourselves.

PUBLISHED EVERY THURSDAY

VOL. XXVII.

CLAY CITY, KY., THURSDAY, APRIL 6, 1922.

NO. 14.

Our Position Clearly

Senator Moss, of Bell county, a really sincere and capable good roads man, has written the Times for an expression on the \$50,000,000 bond issue for roads.

As the issue has been proposed and discussed the Times emphatically says "No" to any further tax or bonds for roads or any purpose.

If the state will survey and contract for the construction of a brick or concrete road from Stanton, Clay City to Campton; from Stanton, Clay City to Winchester; from Stanton, Clay City to Irvine; from Stanton, Clay City to Mt. Sterling, have it so arranged that the voting of these bonds automatically closes such contract and the roads to be built within four years or less, then The Times is for the road bond issue, if other counties fare equally as well.

The reason why we oppose any other provisions: We fought for the change in constitution a few years ago, and it started out well. When the State collected \$700,000 for road purposes Powell got \$2,000 of this. But as the road fund grows larger and as the Legislature tampers with the law we find up to 1921 when the road fund reached \$7,000,000 Powell gets \$0,000. The law was fixed right in the beginning, that's the reason it was changed later.

The Times wants roads, but at this time, we see but one way to get them—build them ourselves. No other system presented can get our confidence except as mentioned above, and we know that will not be accepted.

Death of Mrs. Robert Henry

Mrs. Robert Henry, of Winchester, died at the Bush Hospital Tuesday night of cancer.

She leaves besides her husband two sons, Everett and Fred Henry, two sisters, Mrs. Elder Crow, of this county, and Mrs. S. G. Baker, of Akron, Ohio, four brothers, J. W. Burgher, this county, Joe Burgher, of Illinois, Ray and Everett Burgher, of Winchester. Burial Thursday in the Winchester cemetery.

More Shale People Here

Louis Ingle, of Chillicothe, Ohio, was here a few days the past week in the interest of the Devon Shale Oil Products Company. The stock in this company has about all been sold when the plant will be put in operation. All the stockholders coming here to investigate their holdings are very enthusiastic about the plant to be put up this spring.

Bro. Nelson at Hardwick's Creek

Pastor Nelson will preach at the Hardwick's creek Methodist church Sunday morning at eleven o'clock. A full house is urged to

Moving to Somerset

Claude Bowman shipped his household effects to Somerset this week where he is moving his family. These are good people whom we regret to lose. be present.

Farmers' Market Day

Saturday, April 15, is Farmers' Sales and Market day in Clay City. This will be the third day. The Times has learned of much live stock to be here on that day. Likewise many buyers have said they would be on hand to supply their demands. Remember this is farmers day and the success of these market days rests with them. If the farmers of Powell county will bring what they have to sell here on market days and if the buyers of Powell county will come here for their wants, the success of the sales days is assured. There has always been a crying need for a better stock market in the county, and now that market has been supplied. As to whether it will develop into a good or bad market altogether depends on US the FARMERS. Come, let us make it a good market. The two first market days were a success, and indications are that the market day, April 15 will be another good day. Let all come determined to be sober and quiet, while there are sufficient officers to keep order as on former market days. They do not want to have to make a single arrest.

Death of Ambrose Barnett

Mrs. Ann E. Barnett has received a telegram from San Francisco, California, announcing the death of Ambrose Barnett, a brother-in-law, who died there March 18 of cancer, aged 74 years. Mr. Barnett was born and reared near Spout Spring, but went west in young manhood. Was connected with the Studebaker Company for 35 years and was retired by the company and pensioned for life in recognition of his good service. He is survived by widow and two sons, one brother, John W. Barnett, of New York. W. F. Barnett, of Clay City, is a nephew.

Crabtree Sells Farm

H. G. Crabtree sold Tuesday to Wm. Barrett, of Lee county, his home place comprising seventy-five acres for \$6,000. Immediate possession. This is a splendid little farm and from its location is very desirable. The sale did not include any portion of the Noe land across the river.

New Bookkeeper

Franklin Smith has accepted a position as head bookkeeper for the Nebaw Refining Company at Slade. He will reside in Clay City and go to his work in the morning and return in the afternoon on the train and later in his machine when the road is built that far.

New Assistant Cashier

Eugene Freeman, of this city, who went with the Winchester bank a few months ago, has been made an Assistant Cashier of the Bank. His many friends in his old home will be glad to learn of his promotion in his new location.

The street car service in Winchester has been discontinued.

To Reopen Road

Legal steps will be taken at once to open the newly constructed section in Powell county of the Irvine road that was fenced up January 30, by G. W. McIntosh. This county jointly with Estill built a bridge across Plum creek here, and the people spent several hundred dollars in money and work. The road was opened up and traveled for more than 60 days when the Reverend Sir put a fence across the road in two places. The people who put in their money to build this road, but not until after the owner of the land told them the right of way was settled, are very indignant, and will seek a mandatory injunction to reopen the road for travel.

The use of that good section of road built largely by the people to connect Estill with this county has been rendered useless because of the closing of this road.

Good Work Done by Circuit Court

Circuit Court closed one of its most successful terms last Friday. The Grand Jury returned seventy indictments and the Petit Juries assessed fines against the law breakers totaling \$2,905.02, and imposed jail sentences totaling 625 days. Two murder cases, one conviction and one acquittal. There are three courts a year in Powell and if the other two will do as the retiring court, it is good by boys. You must quit your meanness or spend your days in paying the penalties for not doing so.

Farm Work Advancing

There has been several nice plow days the past week and the farmers have made good use of them. There is a heavy peach, pear and plum bloom and the early apple trees are ready to burst out in full bloom. The fruit prospects so far are good.

Sunday School Worker Here

W. J. Vaughn, State Sunday School Worker, will be at the Methodist church this city to night at 7:30; at Stanton Presbyterian church tomorrow night at 7:30. A full house should greet this noted Sunday school man at both places.

Our Road Bill Stands

The bill introduced by Representative W. T. McGuire making the road from here to Irvine a part of the primary system and passed by the recent session of the Legislature, was one of the twelve to escape the veto of Gov. Morrow.

Will Remain in Clay City

Owing to the favorable living conditions in Clay City, Mr. A. M. Holmes will not move to Irvine as previously announced in these columns. This is good news as the Holmes' are very popular in Clay City.

If you are feeling all worn out. If you can't eat, sleep or work with any satisfaction, you need Tanlac. C. Shimmfessel.

Ex-Service Men Wanted

The Kentucky State Reformatory, Frankfort, desires to employ a few ex-service men as guards. Those having overseas experience preferred. They must be sober, honest and trustworthy. One or more men from this county are invited to make application for such position.

In applying, write plainly your name, age, military experience, weight, height, education, political affiliations, whether married or single, age limits not less than twenty-four.

This position is entirely out of politics and no person connected with the institution is permitted to engage in political activities of any kind.

The question asked above as to political affiliations are only for the purpose of keeping the employees of the institution balanced between the two dominant parties. Jonett S. Boone, Commander of American Legion Post No. 127.

Collections Poor

There seems to be more traveling salesmen than ever before. They all tell us that business would be better, but for the poor collections. They say the merchant does not pay them when due because the consumer does not pay the merchant promptly. This makes a drag in business that is not very encouraging.

Want Six Hour Day

Thousands of coal miners are on a strike demanding six hour day and five day weeks. The Times wishes to congratulate the miners for going on strike in the warm season instead of winter. The excuse for raising the price of coal will not so seriously affect the consumer now.

Bank Statement

The Powell County Deposit Bank at Stanton is publishing a statement in this issue of the Times. The statement shows up well for this institution, and the people of Stanton have just reason to feel proud of their bank.

New Store in the County

Pete Todd is putting up a store building at his home two miles south of town on the Irvine road. When the building is completed he will put in a clean new stock of goods and run a store.

Town Board to Meet

The town Board of Trustees will meet in regular session Friday night. Now that the school is out no more overly interesting meeting can be expected.

Tanlac is the ideal strengthener and body builder for old folks, because it creates a healthy appetite for wholesome food and strengthens and invigorates the digestive organs. C. Shimmfessel.

To Raise Fine Apples

To grow fine apples the Department of Agriculture tell us to spray the trees when in full bloom. They will soon be that way.

Steve Swango, of Wolfe county, was here Monday and visited his sister, Mrs. John Holland. He was enroute to Lexington to be examined by board of doctors for disabilities received during war.

Mr. and Mrs. Judge Shackelford had the pleasure of addressing to the grand ju-

ry the last term of court, and as it was the first ever heard it was very much appreciated and if all the citizens in Powell county could hear the same we feel sure they would learn what it takes to constitute a court and it certainly takes more than the court officials. Powell county should feel proud of the last court while it was a pitiful sight to see 17 or 18 men and boys lined up and marched back to jail. We feel that the jail will empty in a few courts like this. There is a marked improvement all over the county, and when the whiskey question is controlled (which it will be) the prophesy that prohibition would empty the jails will have been fulfilled. Whiskey and pistols are the principal cause of the jail birds. Judge Shackelford said he had tried 200 murder cases and every one was caused by pistols except two. This is a subject to be studied and see if it would pay the boys to carry these things.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3½ "	22.50	11.65	48%
30 x 3½ Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4½ "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest
level in history was explained by H. S. Firestone, President of the Company,
to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 53%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually
advantageous buying facilities, and the enthusiasm, loyalty and determination of our
100% stockholding organization.

"Due credit must be given to Firestone dealers who are selling Firestone tires on
a smaller margin of profit. This brings every Firestone saving direct to the car-
owner."

The saving through first cost plus the saving through high mileage doubles
Firestone economy and is daily adding new fame to the Firestone principle of service—
